Section 1: Identification

Trade Name(s): ElasTechs 2740

Intended Use: Textile Warp Sizing Agent

Company Name: American Textile, LLC.
3235 Satellite Boulevard
Building 400, Suite 300
Duluth, Georgia 30096
USA

Phone No.: 770 291-2226

Person Responsible: Anthony Upchurch

Email Address: aupchurch@americantextilellc.com

Emergency Phone No.: 1-770 291-2226

Chemtrec Phone Nos.: USA 1-800 424-9300
International 1-703 527-3887

Section 2: Hazardous Identification

Classification: Not Classified as Dangerous According to GHS, EC, EEC or CLP.

Signal Word: None Required

Pictograms: None Required

Precautionary Statements:

P261 Avoid breathing dust.
P262 Do not get in eyes, on skin, or on clothing.
P264 Wash ... thoroughly after handling.
P270 Do not eat, drink or smoke when using this product.
P284 [In case of inadequate ventilation] wear respiratory protection.

Other Hazards: Spills can be a slipping hazard.
### Section 3: Composition / Information on Ingredients

<table>

</tr>
</tbody>
</table>

### Section 4: First Aid Measures

**General:** Remove contaminated clothing.

**Inhalation:** Remove to fresh air. Allow the victim to rest. If breathing stops contact a physician immediately.

**Skin Contact:** Wash thoroughly with soap and water. If irritation persists consult a physician.

**Eye Contact:** Flush with plenty of water. If irritation persists, seek medical attention.

**Ingestion:** Ingestion is an unlikely route of exposure. Do not induce vomiting. Consult a physician immediately.

**Recommendations:** Information for physician: most important symptoms and effects, both acute and delayed.

### Section 5: Fire-Fighting Measures

**Extinguishing Equipment / Media:** Carbon dioxide (CO₂), extinguishing powder or water spray / fog. Fight larger fires with water spray / fog or alcohol resistant foam.

**Specific Hazardous:** Carbon monoxide and carbon dioxide can be released during fire. Toxic gas formation is possible during heating or fire.

**Protective Equipment and Precautions:** Wear Self-contained breathing apparatus and full protective suit. Use water spray to cool exposed containers. Dispose of debris in accordance with authorities.

### Section 6: Accidental Release Measures

**Personal Precautions:** Equip cleanup crew with proper protective equipment. Ventilate the area. Keep away unprotected persons. See Section 8. Product becomes slippery when wet.

**Emergency Procedures:** Evacuate unnecessary personnel. Prevent from spreading (e.g. by damming or oil barrier).

**Environmental Precautions:** Prevent entry to sewers and public waters. Notify authorities is entry to sewers or public waters occurs.

**Methods for Containment:** Collect mechanically. Ensure adequate ventilation to prevent dust formation.

**Cleanup Procedure:** Sweep or shovel into suitable containers. Avoid generation of dust. Dispose of in accordance with local regulations. See Section 13.
### Section 7: Handling and Storage

**Precautions for Safe Handling:** Ensure good ventilation. Wash hands and other exposed areas with mild soap and water prior to eating, drinking or smoking. Avoid unnecessary contact with product.

**Incompatible Materials:** Strong oxidizing agents.

**Conditions for Safe Storage:** Store in cool and well ventilated area. Store away from food. Keep containers closed.

### Section 8. Exposure Controls / Personal Protection

**Exposure Limit Values:** No data available for this combination of materials.

**Engineering Controls:** Provide general or local exhaust ventilation system to maintain low airborne concentration of dust. Local ventilation is preferred.

**Occupational Exposure Controls:** Avoid unnecessary exposure. Keep away from food and beverages. Wash hands regularly.

**Pictograms:**

- ![Respiratory Protection](image)
- ![Hand Protection](image)
- ![Eye Protection](image)
- ![Skin Protection](image)

**Respiratory Protection:** Wear approved mask.

**Hand Protection:** Wear chemically protective gloves.

**Eye Protection:** Wear protective goggles. Make available emergency eye-wash station.

**Skin and Body Protection:** Wear chemically protective apron.

### Section 9: Physical and Chemical Properties

**Test Methods:**
## Section 10: Stability and Reactivity

**Reactivity:**

Description: Stable at ambient temperature and normal use conditions.

**Chemical Stability:**

- **Stable:** Stable under recommended storage conditions.
- **Stabilizers:** Not applicable
- **Safety Issues:** May decompose at very high temperatures.

**Other:**

- **Hazardous Reactions:** No dangerous reactions known.
- **Hazardous Polymerization:** No dangerous polymerizations known.
- **Conditions to Avoid:** Keep away from open flame.
- **Incompatible Materials:** Strong acids, bases and strong oxidizing agents.
- **Hazardous Decomposition:** Carbon monoxide (CO) and carbon dioxide (CO₂).
- **Products:**

## Section 11: Toxicological Information

**General:**

**Routes of Exposure:**

- **Inhalation:** Not tested.
- **Ingestion:** Low toxicity risk for short or long term exposure. May cause abdominal discomfort, nausea, vomiting and diarrhea.
- **Skin:** No skin irritation (rabbit)
- **Eye:** No eye irritation (rabbit)

**Effects from Exposure:** No data available.

**Numerical Measures of Toxicity:**

- **Acute Toxicity:** Oral - LD50 - (rat): > 2000 mg/kg
  - Dermal - Not tested
  - Inhalation - Not tested
- **Acute Irritability:** No data available
  - No data available

**Description of Symptoms:** See above.

**Reports on Carcinogens:**

- **Ames text:** negative
- **NTP:** Not considered a carcinogen.
- **IARC:** Not considered a carcinogen.
- **OSHA:** Not considered a carcinogen.

Persistence and Degradability: > 85%

Bioaccumulation Potential: Bioaccumulation is not expected

K<sub>ow</sub>: BCF:

Mobility in Soil: The substance does not evaporate into the atmosphere from the surface of water.

PBT and vPvB Assessment: The product does not contain a substance fulfilling the criteria.

Additional Information:

Other Adverse Effects: Product must not be released into water without pre-treatment.

Section 13: Disposal Considerations

Waste Treatment Methods:
- Product: Dispose of in accordance with local regulations. Destroy at authorized site.
- Packaging: Recycle bags when possible. Incinerate empty bags according to local regulations.

Properties Affecting Disposal: No additional special considerations.

Sewage Disposal: Keep out of sewers.

Special Precautions: No special precautions.
### Section 14: Transport Information

#### Land Transport: Not Regulated

<table>
